

● FY2022 Committees

Jurisdiction		Committee		Chairman
Science and Research Section	Technical Committee	2020~2021 (Extend on 30 Sep, 2022)	TC201A Technical Committee on the Role and Application of Academic Research in Predicting the Deterioration of Concrete	Yoshitaka KATO
			TC202A Technical Committee on Verification & Validation (V&V) in Structural and Durability Simulations of Concrete Structures	Naoshi UEDA
			TC203A Technical Committee on Flexural Behavior of UnBonded Prestressed Concrete Structural Members	Susumu KONO
			TC204A Technical Committee on Non-linear Modeling for Performance-based Seismic Design of Concrete Structure	Hitoshi SHIOHARA
			TC206C Technical Committee on Environmental Safety Quality for Powder Materials of Concrete	Masahiro OSAKO
		2021~2022	TC211A Technical Committee on assessment and prediction of expansion due to internal swelling reactions in concrete structures	Yuichiro KAWABATA
		2022~2023	TC221A Technical Committee on Environmental Impact Assessment of Cement and Concrete	Kenji KAWAI
			TC222A Technical Committee on Unified Treatment of Reinforcement Corrosion in Concrete	Satoshi TAKAYA
		2022	TC223F Technical Committee for a Feasibility Study on Practical Utility of Limestone Powder for Concrete	Shigeki SEKO
			TC224F Technical Committee for a Feasibility Study on Construction of Literature Database and AI Application in Concrete	Shinichiro OKAZAKI
International Activities Committee	2020~2022	RILEM Annual Week 2022 Executive Committee	Takafumi NOGUCHI	
Technology Development and Spreading Section	Committee for concrete technology	2021~2022	Technical Committee on Concrete Structures under Fatal Conditions	Takafumi NOGUCHI
			Drafting Committee on Recommendations for Concrete Pumping Method	Yoshihisa NAKATA
		2022~2023	Technical Committee for Investigation on Concreting Technologies	Hideaki TANIGUCHI
			Drafting Committee on Revision of Guidelines for Control of Cracking of Mass Concrete	Toshiaki MIZOBUCHI
	Standards Committee	2022~2023	Drafting Committee on JIS for Analysis Methods for Carbon Dioxide Captured in Constituent Materials and Concrete	Takafumi NOGUCHI
			Drafting Committee for Revision of JIS on Recycled Aggregate	Takafumi NOGUCHI
	Committee for Spreading of Technology	2021~2022	Committee on Spreading of Computer Software for Crack Control in Massive Concrete	Masami ISHIKAWA
		2022~2023	Committee on Spreading of Practical Guideline for Investigation, Repair and Strengthening of Cracked Concrete Structures	Toshiro KAMADA
Committee on Spreading of Computer Software for Simulating Long-Term Performance of Concrete Structure			Toshinobu YAMAGUCHI
